THE 42nd SPORTS EMMY® AWARDS: WHAT'S NEW?

The following revisions and refinements have been made to the Sports Emmy® Award rules and procedures with respect to previous editions of the rules.

- The Outstanding Edited Sports Special/Series category has been split into two categories, [Outstanding Edited Sports Special](#) and [Outstanding Edited Sports Series](#).
- The New Media categories have been redefined as Interactive Categories. Outstanding Trans-Media Coverage has been renamed [Outstanding Interactive Experience – Event Coverage](#); Outstanding Social TV Experience has been redefined and is now [Outstanding Interactive Experience – Original Programming](#). The [Outstanding Digital Innovation](#) category remains. Please read the category definitions for more information.
- A new category for [Outstanding Sports Personality – Emerging On-Air Talent](#) has been established.
- The Outstanding Camera Work category has been split into two categories, [Outstanding Camera Work – Short Form](#) and [Outstanding Camera Work – Long Form](#).
- [The Dick Schaap Outstanding Writing Award](#) is now intended for short form content (under 6 minutes), such as Opens, Teases, Short Features and Essays. Documentary, Long Features and Edited Programming longer than 6 minutes should be submitted in the newly established [Outstanding Writing – Long Form](#) category. Documentary writing need not include scripted narration.
- A submission in the Outstanding Sports Journalism category cannot also be entered in the Short Feature, Long Feature, or any of the Documentary categories.
- In the [Outstanding Edited Sports Series](#), [Outstanding Studio Show – Daily](#), [Outstanding Studio Show – Weekly](#), [Outstanding Studio Show – Limited Run](#), and [Outstanding Sports News/Feature Anthology](#), and [Outstanding Studio Show in Spanish](#) categories, individuals must have been credited on a minimum of 19% of total episodes during the 2020 show run to be included on the credit list.
- In the [Outstanding Music Direction](#) category, the rule has been updated with the following language, 'if a work is derivative: re-edited, re-arranged, re-orchestrated, reimagined, re-worked, re-mixed or re-recorded, the statue-eligible titles are those that exist for original music (Composers, Arrangers, Music Directors, Lyricists and Conductors).' Additionally, Music Supervisors and Music Directors are now eligible for both existing music and new or original music.

- The following craft titles are now statue eligible in the [Outstanding Promotional Announcement](#) category: Camera Person, Editor, Writer, Music Director, Audio Engineer, Graphic Designer, and Production Designer.
- The Outstanding Technical Team Remote category has been renamed [Outstanding Technical Team Event](#).
- In the Outstanding Technical Team Event and Outstanding Technical Team Studio categories, Broadcast Media Manager/Network Engineer is now an eligible title. Individuals with this title are integral to the implementation of digital media workflows and processes, and generally perform these duties on-site.
- The following rule has been removed from the [Outstanding Live Event Audio/Sound](#) category description, 'No audio sweetening, Foley, or other post-produced techniques permitted.'
- The minimum run time for features in the [Outstanding Feature Story in Spanish](#) category has been reduced from 6 minutes to 3 minutes.
- Editors who are submitted as statue-eligible in the Documentary, Feature, or Open/Tease categories can be entered in the appropriate Editing category for the same programming. However, if the same submission wins in both a program and craft category, an editor is statue-eligible **only** in the craft category.
- The same material, identical start-to-finish, is not permitted to represent an entire submission in both a series and a feature category.
 - ◆ If an entrant submits to a program category that allows the option of submitting a single episode to represent the entire series, that submitted episode may not then be submitted as-is to a feature category. Likewise, a single episode submitted in an individual feature category may not be submitted as the representative episode in a program category.
 - ◆ A feature may be submitted to a feature category and remain a component part of a broader program entry only if the feature represents less than fifty percent (50%) of the program submission's total runtime.
- The initial airing in a calendar year is the airing of record, however, if multiple and extremely similar versions air within the same seven day period, please contact NATAS to discuss the designation of what will be the airing of record. Subsequent airings on any network or medium are not eligible.
- The entry fee for all Personality categories is now \$350.
- For commemorative statues the studio or production company name may now be included on the engraving.

- Entrants will be required to identify a thirty-second (0:30) portion of the submitted video for potential inclusion in the Sports Emmy Award ceremony, should the entry result in a nomination. The identified clip must be free and clear of any and all encumbrances which could limit the ability of NATAS to include the clip in the program and its distribution, publicity, and promotion, including without limitation digital program archives, in perpetuity. Entrants must affirm that all necessary rights and clearances have been obtained and are thereby licensed to NATAS for these purposes, and that the entrant is authorized to convey such rights

HOW THE SPORTS EMMY® AWARDS WORK

The National Academy of Television Arts & Sciences (NATAS) is a 501(c)6 non-profit service organization dedicated to the advancement of the arts and sciences of television and the promotion of creative leadership for artistic, educational and technical achievements within the television industry. It recognizes excellence in television with the coveted Emmy® Award.

The Sports Emmy® Awards honors outstanding achievement in sports programming by conferring annual awards of merit in various categories. The presentation of these awards is intended to be an incentive for the continued pursuit of excellence.

In December 2020, a call for entries is sent to a wide cross section of the television sports community. Entries are solicited from broadcast and cable networks, "over the top" providers, syndicators and independent producers. Entry limits per network, time buy producers or syndicators have been waived for all categories.

Individual crafts persons may submit in the craft categories.

The final deadline for entries in the Outstanding Short Sports Documentary, Outstanding Long Sports Documentary and Outstanding Serialized Sports Documentary categories is the close of business (5:00 PM EST) on Friday, January 29, 2021. Entries in the Outstanding Edited Sports Event Coverage and Outstanding Edited Sports Special or Series categories must be started on line no later than the close of business (5:00 PM EST) Friday, January 29, 2021.

The final deadline for all other entries is the close of business (5:00 PM EST) on Monday, February 15, 2021.

For the majority of categories, entries are screened in February and March in a single round of at-home 'blue ribbon' judging. Blue Ribbon panels are comprised of peer professionals who have a credited body of work at the national level.

Each judge casts a secret ballot. Judges' votes are not shared with other judges or with members or NATAS staff. They are sent to an accounting firm for tabulation.

The nominees are announced in April, and posted on the NATAS website at www.TheEmmys.tv. This year's honorees will be announced at the Sports Emmy® Awards ceremony in June 2021.

VOLUNTEERS NEEDED TO SERVE AS JUDGES FOR THE 42nd ANNUAL SPORTS EMMY® AWARDS

The National Academy of Television Arts & Sciences invites individuals with significant experience in sports production at the national level to serve as judges for the 42nd Annual Sports Emmy® Awards.

Who qualifies to be a judge?

- Craftspeople: Writers, Researchers, Cinematographers, Electronic Camerapersons, Editors, Graphic Designers, Audio Technicians, Technical Directors, Composers, Music Directors, Art Directors and Production Designers.

All of the panels will have an equal number of representatives from each corporate entity, unless they choose not to provide a candidate, as well as several judges from the freelance community. In specific, the corporate entities are:

- CBS (CBS, CBS Sports Network, CBS All Access)
- Disney (ABC, ESPN, ESPN2, ESPN+, ESPN Deportes, ESPN Classic, NAT Geo, FX, et al.)
- NBC Universal (NBC, NBC Sports Network, NBC Sports Gold, Bravo, CNBC, Golf Channel, MSNBC, NBC Universo, Oxygen, Peacock, Telemundo, USA, Universal HD)

SPORTS EMMY® FUNDAMENTAL RULES

★ ELIGIBILITY PERIOD: CALENDAR YEAR 2020

The eligibility period (or “Awards Year”) is the calendar year 2020 (January 1 – December 31, 2020) with the following exception: high school, college and professional football postseason programming that originally aired in 2021 (concluding three days after the Super Bowl) is eligible for entry in all categories other than Short Sports Documentary, Long Sports Documentary and Serialized Sports Documentary. Football programming must have aired between 12:01 AM Eastern Time on February 6, 2020 and 12:01 AM Eastern Time on February 11, 2021.

★ ELIGIBILITY CRITERIA

PLATFORMS

While there are Interactive categories (Outstanding Interactive Experience – Event Coverage, Outstanding Interactive Experience – Original Programming, and Outstanding Digital Innovation), programming originally made available on the internet, or through other digital platforms is eligible in any applicable category.

PREVIOUSLY AIRED PROGRAMS:

A program or series which aired and met the eligibility requirements during a previous awards year is not eligible for participation in the current Sports Emmy® Awards competition.

ORIGINAL MATERIAL:

At least two-thirds of the entered telecast or programming as originally made available to the public must consist of original material, unless the previously produced material has been given some unique and creative treatment that, in the opinion of The National Academy of Television Arts & Sciences, results in original programming. The original airdate of the previously produced material is not relevant. If there is any question as to the originality of an entry, the submitter must provide the complete original telecast or programming for analysis.

Productions must be wholly-produced by the network or entity that enters them in the Sports Emmy® Awards. “World feeds” and event coverage primarily produced by “host” broadcasters are eligible, but the leading production talent for the World Feed or host broadcaster must be entered.

“World Feed” Executive Producers, Producers and Directors must be entered as statue-eligible individuals. Subject to review by NATAS, the threshold of “wholly produced” for live and “live-to-tape” productions is four unilateral coverage

cameras, talent under the direction of the producer, and graphics and replays controlled by the production team. If requested, a production survey with a camera plot and equipment levels may be required to confirm eligibility.

The initial airing in a calendar year is the airing of record, however, if multiple and extremely similar versions air within the same seven day period, please contact NATAS to discuss designation of what will be the airing of record. Subsequent airings on any network or medium are not eligible.

PROGRAMMING OTHER THAN SPORTS:

Certain programs and segments that air, due to their nature (i.e., entertainment or news), may be more appropriate for the [Primetime](#), [News & Documentary](#), [Daytime](#), or [Technology & Engineering Emmy® Awards](#).

Awards shows, comedy specials, Olympic Opening and Closing Ceremonies, and Super Bowl half-time shows do not constitute 'sports content' and should be entered in Daytime, News & Documentary or Primetime, whichever is most appropriate. "Scripted entertainment" and competition with predetermined outcomes are not eligible in the Sports Emmy® Awards. Extended coverage of breaking news events is eligible for the News & Documentary Emmy® Awards. Game shows are eligible for the Daytime Emmy® Awards. Non-Sports related segments (features) may be eligible for the News & Documentary Emmy® Awards. Engineering technologies may be eligible for the Technical & Engineering Emmy® Awards.

The same material may not be entered in more than one Emmy® Award contest, unless a specific, unique category is only offered by another Emmy® Award contest.

NON-ENGLISH LANGUAGE ENTRIES:

In all categories other than the Spanish-language categories, entries in a language other than English are eligible, but must include either an English language voiceover, English subtitles or a complete English language transcript. Subtitles or a voiceover are strongly preferred.

Entries for the Spanish-language categories can be submitted without subtitles or voiceover and will be judged by a panel of Spanish-language media professionals who are bilingual or Spanish proficient.

Eligible entries must be submitted by U.S.-based media companies for work created originally in the U.S. or original work created internationally for U.S. Hispanic audiences which has its first run in the continental United States. Any production that has aired first in any other country is not eligible. In addition, eligible entries must have aired on U.S.-based networks or other mediums with a national distribution.

Entries in the Spanish-language categories that have aired simultaneously in the U.S. and internationally must be reviewed by The National Academy of Television Arts & Sciences for eligibility.

☆ **ENTRY PROCEDURES**

Entry Deadline for the three Sports Documentary categories: close of business (5:00 PM EST) Friday, January 29, 2021. If a submitter intends to enter the Outstanding Edited Sports Event Coverage, Outstanding Edited Sports Special or Edited Sports Series categories, they must start the online entry process no later than Friday, January 29th. Entries will be reviewed to determine whether they are entered in the appropriate category. Entry Deadline for all other categories: close of business (5:00 PM EST) Monday, February 15, 2021.

HOW OFTEN CAN I ENTER?

There is no limit as to the number of entries a network, syndicator, time buy producer or individual can make. Each entry is a separate submission and requires its own online entry form, entry fee, and entry materials.

CAN I ENTER IN MORE THAN ONE CATEGORY?

A program or any segment thereof may not be submitted in two different categories, with the following exceptions:

1. A program may be entered in as many craft categories as are appropriate,
2. Programming eligible for the feature categories (open/tease, long feature, short feature, sports journalism, Spanish feature) may be entered in both a feature category and an appropriate program category. However, the feature included on the program category submission must be among a series of excerpts and cannot represent more than fifty percent (50%) of the program submission's total runtime.

If an entrant submits to a category (Outstanding Edited Series) that allows the choice of submitting a single episode to represent the entire series, this episode cannot be submitted in its entirety to a feature category.

Entries in Outstanding Sports Journalism cannot also enter any feature category. Individuals who work in different disciplines may enter in each discipline.

ENTRY INFORMATION:

Submitters will submit entry information and credits through the online system. Entry information must be approved by the Executive Producer, the Producer of the program named on the entry, or the Awards Coordinator.

In approving the entry, the Executive Producer/Producer/Coordinator certifies that the entry is true and correct to the best of his or her knowledge.

Entrants will be required to identify a thirty-second (0:30) portion of the submitted video for potential inclusion in the Emmy® Award ceremony, should the entry result in a nomination. The identified clip must be free and clear of any and all encumbrances which could limit the ability of NATAS to include the clip in the program and its distribution, publicity, and promotion, including without limitation digital program archives, in perpetuity. Entrants must affirm that all necessary rights and clearances have been obtained and are thereby licensed to NATAS for these purposes, and that the entrant is authorized to convey such rights.

Any failure to convey necessary rights and clearances prior to the date of commencement of judging may result in the disqualification of the entry, with or without additional written notice by NATAS.

ENTRANT INFORMATION / CREDITS:

The names of all statue-eligible entrant credits must be submitted online with the entry form. Each individual may be submitted only once per entry, despite having multiple job functions i.e. a Producer who also serves as the Director should be listed as "Producer/Director." The Team Member Excel Template is available on the entry dashboard to facilitate large entrant lists. Do not submit credits in all capital letters.

SUBMISSION VIDEO:

Each entry requires a submission video that adheres to specified rules for the category to which it is being entered. Please note the file specifications which will be available on the [submission site](#) when it launches in mid-December.

ESSAY:

Submitters may submit a one-page essay that contains,

- A clear explanation of the editorial and production goals of the submission.
- Creative techniques used to achieve these goals.
- Any additional contextual information that would be helpful for judges.

Examples would include logistical challenges faced during production and impact of reporting from journalism submissions. Essays in the craft categories should explain how the craft under consideration (writing, editing, camera work etc.) supports the overall editorial and production goals of the piece. **If the submission is a co-production, please make note of this in the essay.**

Include the following:

- Program title of your entry and the category you are entering
- Original air date of programming.

PLEASE DO NOT INCLUDE ANY CONTACT INFORMATION OR CREDITS ON THE ESSAY PAGE.

EXCERPT SHEET:

An Excerpt sheet indicating air date, excerpt title, excerpt length and total length of the submission is **mandatory** for all entries. There are two versions of the excerpt sheet, one for use with entries in the documentary categories, one for use with entries in all other categories. Submissions must be accompanied by the appropriate excerpt sheet.

PAYMENT:

Payment by Credit Card or ACH Transfer is strongly preferred. Please contact Sports@TheEmmys.tv to set up ACH Transfer.

If paying by check, an invoice can be generated for the entry. Please make the check payable to NATAS/Sports and include a copy of the printable invoice found in Yangaroo. **Payment is due according to invoice terms. Late payments not received by the end of judging may result in disqualification.**

ADDITIONAL MATERIALS:

Nominees will be contacted in April 2021, with specific instructions about where to send video of their entry submissions for use at the awards ceremony.

CATEGORY REASSIGNMENTS:

NATAS reserves the right to outright disqualify or move any entry to a different entry category if in its judgment such action is warranted. Submitters will be notified when a rejection or category reassignment is made. Entries will not be accepted if no applicable category is found and entry fees refunded.

NUMBER OF NOMINATIONS

All nominations are determined from a viewing round. There will be a minimum of 5, and a maximum of 7 nominees in each category, with the exception of categories where there are 5 or fewer submissions. In categories with 5 or fewer submissions there will be a minimum of 3 and a maximum of 4 nominees. In the case of scoring that would result in more than 5 nominees, or in the case of categories with 5 or fewer submissions, the National Awards Committee will determine the number of nominees using its discretion.

☆ **MAXIMUM TOTAL SUBMISSION TIME:**

Each category has its own maximum allowable duration for video submissions. Please refer to the individual category definitions.

Maximum Submission Running Times are as follows:

120 Minutes: Long Sports Documentary

90 Minutes: Serialized Sports Documentary

60 Minutes: Sports Journalism

30 Minutes: Short Sports Documentary

20 Minutes: Program Categories * (except Documentaries, Open/Tease, Short Feature, and Promotional Announcement)

15 Minutes: Spanish Language Feature (minimum: 3 minutes)

12 Minutes: Personality Categories

10 Minutes: Special Classification & Craft Categories

6 Minutes: Short Feature

3 Minutes: Sports Promotional Announcement

*In the Outstanding Edited Sports Series category, entrants have the choice of submitting a 20 minute compilation of excerpts from multiple episodes, or a single episode to represent the series. Note the specifications explained in the category description.

EDITING TO CONFORM TO THE MAXIMUM SUBMISSION RUNNING TIME:

Entries that exceed the maximum running time in a particular category must be edited to conform to the maximum running time. In program categories (other than Edited Sports Special, Short Documentary, Long Documentary, Sports News/Feature Anthology, and Feature categories), entries may contain up to five as-aired excerpts of continuous programming. In the Edited Sports Series category, entrants may choose to submit a compilation of up to five excerpts or a single episode. Sports News/Feature Anthology and Journalism entries may have up to eight as-aired excerpts of continuous programming. There is no excerpt limit in craft categories and personality categories. Internal editing—i.e. re-editing the content of continuous programming in order to enhance the submission—is strictly not allowed.

In order to edit a telecast to conform to the maximum allowable running time in a particular category:

- Edit out commercials
- Consider what's left to be continuous programming (Editing out commercials between continuous programming does not constitute internal editing. An excerpt that begins with programming before a deleted commercial break and ends with programming after the deleted commercial break is considered one segment.)
- Indicate "Commercial Delete" on the Excerpt Sheet
- Cut it down to the allowable time for the category

Dip to black for 1 second between excerpts of non-continuous programming.

SLATES, TITLE GRAPHICS, ETC:

Submitters may use a single title graphic (slate) at the beginning of the submission video to identify the entry, if desired. No internal slates are allowed. Do not slate individual excerpts within the entry video. No additional audio or video material, whether descriptive, explanatory or promotional is to be included or added.

☆ PROHIBITIONS & DISQUALIFICATIONS

NO INTERNAL EDITING:

In program categories, entries that exceed the maximum running time in their category must be edited and may contain up to 5 excerpts of continuous programming dealing with the same topic (there is no excerpt limit in craft categories and personality categories). Sports News/Feature Anthology and Journalism entries may have up to eight as-aired excerpts of continuous programming. However, the entry cannot have been re-edited for the purpose of enhancing the submission. An excerpt must be a continuous, commercial-free run. Editing out commercials between continuous programming does not constitute internal editing.

BODY-OF-WORK ENTRIES:

A compilation or body of work from a variety of programs and/or series that are not related is not permitted, except for personality categories

SIZZLE REELS/BUZZ TAPES:

Sizzle reels or buzz tapes are not permitted in any category. Entries are to be produced from video and audio as it originally aired to the viewer.

SUBMITTER'S RESPONSIBILITY:

It is the submitter's responsibility to ensure that all competition rules are fully adhered to, all video files are playable in the submission website and free of technical errors, and all entry materials are properly submitted by the submission deadline. Submissions that do not meet these criteria are subject to disqualification. If an entry is submitted on behalf of another individual or entity, that party must have full knowledge of the contents of the submission and its adherence to competition rules. Refunds will not be issued for submissions resulting in disqualification. Late submissions may be accepted in compelling or extraordinary circumstances and will be evaluated on a case by case basis. Extension requests should be sent to Sports@TheEmmys.tv.

★ STATUES, PLAQUES AND CERTIFICATES

WHO RECEIVES THE AWARD?

For all program categories, Executive Producers, Senior Producers, Coordinating Producers, Coordinating Directors, Supervising Producers, Producers, Directors, Associate Directors, Associate Producers or derivative job titles are eligible to receive Emmy® statues, provided their role was more than supervisory and they made a substantial creative contribution to the content of the program and received on-air credit as shown on the entry form. For “live” and “live-to-tape” entries, “World Feed” Executive Producers, Producers and Directors must be entered as well if the production is not a “wholly produced” telecast. Operations Producers are eligible in program categories, except for the feature categories, and they are not eligible in craft categories. Stage Managers are eligible in the “live” categories and in the studio show categories. Reporters are eligible in Sports Journalism and Features.

On-air talent may be entered as Emmy®-eligible in a production role if, and only if, they have received a credit with a production title via either an on-air graphic or a publicly posted webpage. Video credit packages must be made available to NATAS for verification purposes, but do not have to be included in the entry’s video submission.

Editors who are submitted as statue-eligible in the Open/Tease, Documentary or Feature categories can be entered in Short or Long Form Editing for the same programming. However, if the same submission wins in both a program and craft category, an editor is statue-eligible **only** in the craft category.

For all craft categories, those specialists who perform a specific discipline receive the Emmy® statue. Production personnel who supervise, direct or approve the work of others - while vital to the creative process – are not Emmy®-eligible in these categories.

For the George Wensel Technical Achievement Award, only those individuals most responsible for the creation, design, or fabrication of the innovation - the planners not executors of the idea - are eligible to receive Emmy® statues. A limit will apply. The job title of the engraving will read “Innovator.”

VERIFICATION OF STATUE-ELIGIBLE JOB TITLES:

Only those listed on the final credit list will be eligible to obtain a statue. An entrant’s job title must correspond to the as-aired credits for the submission. If an on-air credit package exists, then that is the document of record regarding job title. If no credit list is available, the production memo for the telecast(s) is submittable as verification of eligibility. In cases where there is a discrepancy between the telecast credits and the job title available on the entry form you must contact Sports Emmy® staff for approval, Sports@TheEmmys.tv.

An individual's name and job title will be engraved as it appears on the final press release, so the entry form must accurately reflect how an individual's name and job title should be engraved.

STATUES:

Each awarded entry shall receive one (1) statue at no cost to the submitter. Each additional statue-eligible entrant shall be entitled to receive a statue but the fee will be endured by the recipient. Only those individuals that have been vetted and cleared via the entry process, and are listed in the final credits list submitted by the network and displayed on the press release, will be considered statue-eligible. Statue orders take approximately three months to process once orders are received.

Contact Awards@TheEmmys.tv to order.

★ **ADDITIONS AND CORRECTIONS:**

Shortly after the nominations are announced, a version with credits will be provided to the submitters of the nominated entries. This document will function as a "producer proof" for the print program and as such, changes will not be reflected online. Additions and corrections to the credits of an entry must be submitted within **5 business days** in order to appear in the print program.

This opportunity is not designed to afford wholesale changes. The entry form is the document of record; any additions or changes at subsequent stages of the awards process are solely at the discretion of The National Academy of Television Arts & Sciences.

Any corrections to the credits of an entry submitted after the above deadline for changes in the printed program must be submitted with a written explanation of the reason for the changes. A fee of \$150 will be charged for each name added to the credits after the deadline.

Credit additions or changes received more than 30 days after the Sports Emmy® Awards Ceremony will not be accepted. That deadline will be disclosed when the nominations are announced.

Maximum Running Time for Submissions: 20 minutes, unless otherwise indicated.

Maximum number of excerpts: Submissions may contain up to five (5) as-aired excerpts of continuous programming (up to eight (8) in the Journalism and Sports News/Feature Anthology categories). Each excerpt must be a straight run without internal editing of program content. Commercials must be deleted.

Dip to black for 1 second between excerpts of non-continuous programming.

Submission Video: The submission video for all entries must be uploaded via the Online Submission process. For video specifications, check the front page of the submission site when it launches in Mid-December.

The eligibility period is the calendar year 2020 (1/1/2020 – 12/31/2020) with the following exception: high school, college, and professional football postseason coverage that originally aired in 2021 is eligible for entry in all categories other than the Documentary categories. Due to the judging timetable in these three categories, entries are due January 21, 2021. Each entry may include a one-page essay explaining why it is Emmy-worthy, and an excerpt sheet describing each excerpt and indicating its length and air date.

CRAFT ACHIEVEMENT CATEGORIES

Production personnel who supervise, direct or approve the work of others - while vital to the creative process – are not Emmy ®-eligible in these categories.

Individuals or groups may submit excerpts from series or specials. However, a body of work from a variety of unrelated programs or series is not permitted.

Material from sports promotions is not eligible in Craft categories.

“Behind the Scenes” videos are restricted to Technical Team Remote, Technical Team Studio and the George Wensel Technical Achievement Award. Even if such a feature aired in a telecast, Behind the Scenes, explanatory, compilations or sizzle videos are not allowed in any craft category other than Technical Team Remote, Technical Team Studio and the George Wensel Technical Achievement Award. Craft categories are to be judged solely on the content applicable to the category (e.g. audio for Audio, graphics for Graphics) as presented to the viewer in the coverage of the sporting event/series in question.

Team Entries are allowed provided the team of crafts persons are co-creators of a single product (for example, a camera crew working on edited coverage of an event). However, one cannot simultaneously enter as an individual for the same work done as part of a team entry.

An individual may enter in more than one Craft category. If an individual works in different disciplines, he or she may enter in those separate disciplines.

Maximum Running Time for Submissions: 10 minutes. There is no limit to the number of excerpts. Entries may include as many as-aired excerpts as necessary to demonstrate excellence, up to 10 minutes. Each excerpt must be depicted “as aired,” without internal editing of program content. Commercials must be deleted, but such deletions between continuous programming do not constitute internal editing. “Commercial deleted” should be noted on the excerpt sheet.

- Max Submission time 10 minutes
- No limit as to the number of excerpts or excerpt length
- Entry is to be for a single innovation
- Video submission may include a continuous non-promotion, non-laudatory explanatory excerpt no more than 3 minutes long. Cannot be the only video excerpt submitted; actual sports or studio coverage must be included
- Technical Achievement is to be new or significantly improved
- Eligibility: Calendar year 2020; football programming from 12:01 AM ET 02/06/20 through 02/11/21
- Needed: Entrants' Data, Explanation of all entrant's duties and contributions, Video, Essay, Excerpt Sheet, support information, development timeline

Eligible: Innovators, defined as those individuals who invent, make changes, create or introduce new processes, devices, techniques or systems. There is a limit of ten (10) individuals who may be entered

This category is for a technical innovation that is extraordinary and enhances the telecast for the viewer. The program or segments may have been aired live, on videotape and/or film. Programming entered in the George Wensel Technical Achievement Award cannot be entered in the Outstanding Digital Innovation category, and vice versa. A previously entered "technical innovation" will be allowed if, in the opinion of NATAS, it has been significantly improved or modified in either how it looks on the screen or in how it is brought to the screen. Submitters must disclose any previous submissions – **on any network - and in any other NATAS competition (including the Technology and Engineering Emmy Awards)** in the one-page essay, and include a statement explaining the significant modifications or improvements over the previous generation or utilization of the technology.

Each entry is to be for a single innovation; a combined entry of non-related innovations will not be accepted.

Maximum Running Time for Submissions: 10 minutes.

The entry may include an explanatory, "behind the scenes" video of no more than 3 minutes, but must remain within the 10-minute time limit for the video submission. Any explanatory feature that aired during the telecast can be used

as the explanatory excerpt in whole or in part, but its length counts against the 3-minute limit. The explanatory video cannot be the only video excerpt submitted with the entry; actual sports coverage as aired must be included in the video submission. The explanatory video must be a single continuous segment of no more than 3 minutes (split explanatory videos are not allowed.) Any added voice-over copy or graphics on the explanatory video cannot be promotional or laudatory in nature.

Dip to black for 1 second between excerpts of non-continuous programming.

Additional Material:

Each entry submission may include supplementary support material (drawings, designs, or any necessary explanations regarding the effectiveness of the product).

A limit has been established for the number of innovators (10) who may be entered as statue-eligible. A detailed paragraph of the duties and contribution for each of the innovators entered must be included by the entry deadline for review by the National Awards Committee for all entries in this category. A petition may be made for a waiver in cases where a substantial contribution by more than 10 individuals calls for their consideration. Entrants must also submit a timeline of the development of the innovation, indicating major points in its development and which innovators were involved at that point.

The term “Innovator” is now defined as those individuals who invent, make changes, create or introduce new processes, devices, techniques or systems. Generally they are the creators of the innovation, planners not executors of the idea, i.e. not managers, supervisors, executives, approvers or financiers of the project.
